

Outreach

15 avril 2026

COSPAR organizes on occasion symposia for the general public on a variety of space science related topics. These events or symposia on different topics may be organized in other countries if a suitable host institution expresses interest.

- Ocean and Climate Seen from Space, 8 – 9 April 2011, in collaboration with Universcience, Cité des sciences et de l'industrie, Paris, France.

A complete set of videos presentations is available through the following links:
