

COSPAR Charter

4 avril 2019

Approved by the COSPAR Council by correspondence vote in June 1998 and approved by ICSU during the 76th Executive Board meeting held 5 – 6 October 1998 in Paris, France.

[accordion title= »I. PURPOSE «]

COSPAR shall be a Scientific Committee of ICSU, now the International Science Council (ISC).

Its objectives shall be to promote on an international level scientific research in space, with emphasis on the exchange of results, information and opinions, and to provide a forum, open to all scientists, for the discussion of problems that may affect scientific space research. This shall be achieved through the organization of scientific assemblies, publications or any other means.

COSPAR shall report to ISC on its activities and provide scientific advice on matters concerning scientific space research to the UN and other organizations as required.
