COSPAR

Industry Corner

15 April 2026

This page features articles and information about and from industry that are of particular interest to COSPAR.

Watch this video to find out more about the COSPAR Panel on Innovative Solutions.

- **Perspectives on Scientific Opportunities in Industry**
  Alan Title, Lockheed Martin
- **The Next Era of Weather Forecasts: The Aerospace Industry and Space Weather**
  Michael Gazarik, Ball Aerospace
- **Gaia Sky Mapper vs Astrometry & Astrophysics : News from the orbit**
  Philippe Tatry, Airbus
- **An EPIC Partnership for Earth Science: Collaboration Between NASA and Industry to Develop Photonic Integrated Circuit Instrumentation**
  Máté Ádámkovics, Lockheed Martin
- **The Future of Human Space Flight, Why Diversity is Critical to its Survival**
  Kathryn L. Lueders, NASA
- **The Road to First Light: Collaboration Between Science and Industry on James Webb's NIRCam**
  of Arizona, and Alison Nordt, Lockheed Martin
- **Catching a New Wave: common principles for a new era of NASA science and commercial partnerships**
  Thomas Zurbuchen, PhD and Ursula Rick, PhD (NASA)
- **Engaging Global Space Industry Stakeholders**
  Nelson Pedreiro, Lockheed Martin
